- 2:101** **Residency:** An applicant must reside within the geographic boundaries of Douglas County in order to make application through the Douglas County Office. Individuals residing outside of Douglas County should be referred to the appropriate county office for assistance. If an individual is not permanently residing in Nebraska and/or Douglas County, temporary assistance may be granted provided all other eligibility criteria are met.

2:104 **Equity Value:** The fair market value of a resource less any recorded liens or encumbrances and in the case of real estate, reasonable fees required to liquidate those resources, including the usual and customary real estate commission computed using the appraised value for tax purposes.

In cases of jointly owned property and/or joint interest in a resource that is in the name of the applicant/recipient and an individual not included in the household, it shall be presumed that the applicant's/recipient's interest in such property is proportionate to all other joint owners, unless sufficient evidence is presented to the contrary.

2:105 **Fair Market Value of Real Estate and Vehicles:** Unless sufficient evidence is presented to the contrary, the fair market value of real estate will be determined in accordance with the property's appraised value for tax purposes, and the fair market value of a vehicle will be determined in accordance with the trade-in values set forth in the *N.A.D.A. The maximum shelter allowance shall be \$300.00 for an applicant/recipient or a married couple.

A. Shelter: A recipient or married couple may elect to have all or part of the shelter allowance applied to his/her rent or utilities, any combination of which cannot exceed the maximum shelter rate. In no case will payment be authorized for an amount which exceeds the actual charges incurred during the authorization period.

Once a shelter payment has been issued to the vendor, the recipient or married couple cannot receive payment for an alternate living situation unless the payment was issued in error or the recipient or married couple is/are required to obtain a new living situation due to circumstances beyond his/her control. In no case will payments be authorized in any one month which would exceed the maximum shelter allowance specified herein.

B. Specialized Housing Need: Individuals who have a verified physical and/or mental health condition which necessitates a specialized housing need may be authorized a supplemental shelter allowance, not to exceed \$125.00 per month, provided the individual cannot obtain housing which will meet his/her specialized need without such supplement.

C. Assisted Living/Board and Room Facilities:

E. Food: All applicants/recipients will be required to apply for food stamps to meet this need. General Assistance will not be issued to supplement the food stamp allotment. In cases of emergency, the food stamp tables will be used to determine the amount of the food order by household size and the number of days covered.

F. Transportation: Bus tickets may be issued to applicants/recipients for medical and administrative appointments, job training/community service participation, employment until alternative transportation is secured or the first pay check is received, and acquiring shelter and other general assistance benefits. Alternative forms of transportation may be arranged at the discretion of the Director of the Department of General Assistance or designee.

G. Transportation Outside of Douglas County: Families with minor children requesting transportation must seek other appropriate resources. Bus transportation may be provided to individuals who financially qualify for assistance to locations outside of Douglas County if either of the following conditions are met:

- 1) The individual has not resided in Douglas County for six (6) consecutive months and wishes to return to his/her place of residence, provided the individual has secured a place to stay upon his/her arrival and this information can be verified; or,

- 3) the recipient has not been authorized for a General Assistance clothing allowance within the last six months. Exceptions may be granted at the discretion of the Director of the Department of General Assistance or designee.

I. Cremation Assistance: See Chapter 6, herein.

Disqualification from Program Participation

2:300 Ineligible Applicants: Applicants who meet the eligibility criteria may still be denied General Assistance, as follows:

- a) If the lack of income and/or resources is a result of the client's own actions or inactions.
- b) For purposes of this provision, a full-time student will be presumed to lack income and/or resources as a result of his/her own action in restricting his/her ability to engage in full-time employment, unless sufficient evidence is presented to the contrary.

c) The provisions of 2:300(b) herein, shall not apply if the client is enrolled as a full-time student as part of a County approved job training program as specified in Chapter 4, herein, or the individual is nineteen (19) years of age or younger and is attending high school.

d) The applicant has obtained/attempted to obtain General Assistance benefits to which he/she was not entitled through fraud or misrepresentation and/or has not fully made restitution to the County.

2:301 **Disposal of Resources**: An individual having knowledge of the General Assistance (GA) income and resource limits is ineligible if he/she disposes of, or deprives himself/herself of, resources by transfer or sale of the resources for less than fair market value. The worker shall investigate any resource the applicant/recipient may have owned but has disposed of before or following application for benefits. The worker shall verify the fair market value of the resource at the time it was disposed of and determine the equity value of the resource. To determine the countable value disposed of, the worker shall:

a) Subtract the compensation, if any, the client received from the equity value.

The result is the countable value (i.e., equity value \$3,000.00 – amount received at transfer \$1,000.00 = \$2,000.00)

b) Divide the countable value by the standard-of-need (monthly figure) for the household size to determine the number of months that the applicant/recipient is ineligible.

2:302 **Reduction or Loss of Income**: If an applicant/recipient has suffered a loss or reduction in income and such loss or reduction is a result of the voluntary actions or inactions of the applicant/recipient, General Assistance will be denied. Such actions or inactions include, but are not limited to the following:

a) failure to cooperate with any federal, state, municipal, or county agency, or private entity providing benefits to the applicant/recipient and resulting in the loss or reduction of benefits.

b) failure to work when employment is or was available within the last ninety (90) calendar days, or has been offered to the applicant/recipient; and it is, or was, within the applicant's/recipient's physical and mental ability to perform the type of work involved. In the event that the disqualification period falls within the 1st and the 31st of any month, assistance payments will be prorated from the date the disqualification ends to the last day of the authorization period.

c) the applicant/recipient has failed or refused to pursue employment opportunities within the last ninety (90) calendar days. Such failure may consist of:

1) failure to complete a formal application for employment when required by the prospective employer.

- 2) failure to appear for a personal interview which has been arranged with a prospective employer.
- 3) failure to accept referrals from the Workforce Development Office (Nebraska Job Service) to apply and/or interview with a prospective employer.
- d) the applicant/recipient has been denied or suffered a reduction of benefits due to fraud or misrepresentation in applying for or receiving benefits from a federal, state, or local agency or a private entity.
- e) the applicant/recipient has through fraud or misrepresentation attempted to receive or did receive general assistance to which they were not entitled.
- f) the applicant/recipient has been denied or suffered a reduction of benefits from a private employer due to fraud, misrepresentation or failure to cooperate.

Payment Procedures

2:400 **Vendor Payments:** Payments on behalf of eligible recipients can only be made if the vendor will accept a County payment, agrees to adhere to all requirements set forth in Section 5:200 herein, and agrees to provide the goods or services through the authorization period.

2:401 **Insuring Maintenance of Minimum Health and Decency:** Even though an applicant/recipient is found eligible for General Assistance, payment will not be issued unless such payment will insure the maintenance of minimum decency and health for the client. Such situations include, but are not limited to the following:

- a) Utility shut-offs: The applicant/recipient has received a shut-off notice for non-payment and the maximum rate of payment allowable for the household is insufficient to prevent the shut-off from occurring.
- b) Foreclosure or eviction proceedings are pending and the maximum payment allowable for the household unit is insufficient to prevent foreclosure or eviction.
- c) The applicant's/recipient's residence does not meet the minimum provisions of the applicable health codes.

2:402 **Notice of Eligibility but Non-Issuance of Payment:** In all cases in which the provisions of Sections 2:400 and 2:401 herein apply, the applicant/recipient will be notified in writing that:

- a) he/she is eligible for General Assistance for the authorization period,
- b) the maximum payment available for the items requested,
- c) payment will not be issued to the vendor; and
- d) once alternative living arrangements are made and the vendor has agreed to provide the goods and services through the authorization period, General Assistance will be issued.

If General Assistance is not issued during the authorization period, a notice of termination of benefits will be sent to the applicant/recipient. In the event that the applicant/recipient and vendor reach an agreement after the letter of termination has been issued, General Assistance may be issued if it will assist the applicant/recipient in avoiding relocation, and if such agreement is reached within thirty (30) days of the date of the notice of termination.

Determination of Benefits

2:500 Budgeting: In order to determine the amount of General Assistance that may be authorized, the worker shall:

- a) Determine the total amount of income and resources available. If this figure equals or exceeds the amounts established in Section 2:111, herein, the applicant/recipient is ineligible. If this amount is below the Guidelines, the worker shall then;
- b) Determine the basic needs of the household by adding together:
 - 1) The actual housing and/or utilities cost, not to exceed the maximums established in Section 2:202 herein, and
 - 2) The non-food necessities allowance established in Section 2:202, herein.
 - 3) In cases of a shared dwelling unit, the client's portion of the total shelter cost is determined in accordance with Section 2:202 herein.
- c) Subtract the available income and resources from the basic needs. The difference is the amount of General Assistance that may be authorized.
- d) In cases where the individual's basic needs, as defined above, are equal to his/her available income and/or resources, and such income and resources are within the applicable guidelines, and the individual has a transportation need as defined in Section 2:202 (F) herein, bus tickets may be authorized to meet this need. In addition, the individual may be eligible for a clothing allowance every six (6) calendar months, provided the conditions in Section 2:202 (H), herein, are met.
- e) In cases where the individual's total income and/or resources are less than his/her basic needs and this total is at or below the applicable guidelines, the individual may be eligible for partial shelter, non-food and/or clothing assistance.

2:501 Periodic or Lump Sum Payments:

- a) If an applicant/recipient receives regular periodic income, from any source, the worker shall divide the total amount received, or anticipated to be received in a year, by twelve (12) to determine the amount of monthly income to be shown in the applicant's/recipient's budget each month. If the payment is intended for a period of time other than a year, divide the total amount received by the number of months in the designated period of time.

b) If an applicant/recipient, with or without knowledge of County assistance program regulations, receives a one-time lump sum payment, from any source, divide this amount by the standard-of-need for the household to determine the number of months the recipient is ineligible for General Assistance. Provided that if such sum was received prior to the date of the application, and/or the applicant was not receiving General Assistance prior to the receipt of the lump sum, the worker shall determine the amount of the lump sum and the number of months which have expired since its receipt in comparison to the reasonable and necessary monthly living expenses needed or required by the household for necessities of life, based on its then standard of living. For this purpose all actual, reasonable, and verifiable expenditures will be considered. If the lump sum exceeds the reasonable needs of the household for necessities of life during the time period in question, the excess amount shall be determined, and it is then presumed that the applicant has deprived himself/herself of a resource equal to the amount of the excess. Section 2:301; herein, and its provisions shall control.

c) If an applicant has received a lump sum payment which has resulted in the termination of previous General Assistance eligibility the worker shall review the number of months for which the applicant was determined ineligible and whether that period of time has elapsed.

d) If a first time applicant declares receipt of a lump sum payment prior to the month of application, an itemized statement of expenditures made to deplete the sum must be provided as verification that the money is gone.

2:502 Recovery of Overpayments: In the event that a person receives General Assistance benefits through fraud or misrepresentation, the Department shall notify the individual in writing to repay the amount of the overpayment within thirty (30) calendar days of the date of notification or contact the Department to arrange a repayment plan. If the benefit amount that was fraudulently obtained exceeds \$1,500.00 and full restitution has not been made within thirty (30) calendar days of the notification, the Director will refer the matter to the Douglas County Sheriff's Office for investigation and subsequent prosecution. If the amount owed is less than \$1,500.00, the Director will determine whether to refer the matter to the Sheriff's Office or arrange a suitable payment plan with the individual.

Classification of Need

2:600 Case Categories: All applications for General Assistance will be identified according to whether the need is deemed continuous or short-term.

2:601 Continuous Cases: All County applicants/recipients who are also in the process of applying for Social Security and/or State Disability benefits will be deemed a continuous case until the Social

Security/State application process is concluded. This would include denials that are on appeal. All applicants/recipients who have been unemployed for more than three (3) months will be deemed a continuous case until employment is found, provided that the applicant/recipient does not qualify for any other form of state or federal assistance, exclusive of Food Stamps and Energy Assistance. All cases falling within this section will be certified for a period not to exceed six (6) calendar months from the date that the client is notified in writing.

2:602 Short-Term Cases: If an applicant/recipient is in the process of applying for Aid to the Aged, Blind or Disabled, Medicaid, Temporary Assistance to Needy Families, Social Security benefits, Veterans benefits, Unemployment Compensation, retirement benefits, etc. and has not resided in Douglas County for at least ninety (90) days, or any other case which does not fall within the definition of a continuous case, will be deemed short-term and approved for one (1) calendar month, if all eligibility factors have been met.

2:603 Action on Continuous and Short-Term Cases: General Assistance shall be furnished to all eligible individuals:

a) within seven (7) days from the date that the application is completed as defined in Chapter 1, Section 1:008, herein if the need is short-term. If circumstances beyond the control of the applicant/recipient and/or County necessitate a delay, the reason for the delay shall be documented in the case file.

b) within thirty (30) days from the date the application is completed as defined in Chapter 1, Section 1:008, herein, if the need is continuous. If circumstances beyond the control of the applicant/recipient and/or County necessitate a delay, the reason for the delay shall be documented in the case file.

2:604 Continuous Cases: Monthly Reporting: Applicants/recipients who have been certified for General Assistance and who meet the definition of a continuous case will remain certified for a period of six (6) calendar months from the date that the client was notified in writing and will not be required to reapply on a monthly basis, provided the applicant/recipient:

a) In all cases, completes the monthly reporting requirements, as directed, to confirm the living situation and review his/her needs for the next month. Failure to submit any other information as required by this section will result in a denial of assistance for the month following the reporting period.

b) Participates in Job Training and/or Community Service in accordance with Chapter 4, herein, and submits the required documentation of active participation within the specified reporting period.

- c) Failure to participate in Job Training and/or Community Service or to provide verification in accordance with Chapter 4, herein; will result in a denial of assistance for three (3) calendar months.
- d) All assistance provided pursuant to this section shall be for the month immediately following the reporting period.
- e) If there has been a change in the applicant/recipient's circumstances which would have affected the amount of assistance that he/she was eligible to receive and assistance has already been provided, such change may be reflected in the following month or months which may result in an increase, decrease or denial of assistance for that month or months.

2:605 **Eligibility Re-determination**: All cases falling within the provisions of Section 2:601 herein must be reviewed and eligibility re-determined in order to certify the case for an additional six (6) month period.

2:606 **Elements of Re-determination**: In order to re-determine eligibility, the applicant must:

- a) complete and sign a new General Assistance application in a face-to-face interview;
- b) provide necessary verification on all points of eligibility.

2:607 **Right to Appeal**: An individual who has suffered a loss or reduction of benefits based upon the provisions of this chapter shall have the right to appeal such adverse action as provided for in Sections 1:300 through 1:303 of these regulations herein.

g) Indian Lease Land.

In cases of jointly owned property in the name of the applicant/recipient and an individual not included in the household, it shall be

presumed that the applicant's/recipient's interest in such property is proportionate to all other joint owners, unless sufficient evidence is presented to the contrary.

3:206 **Disposal of Resources:** An individual having knowledge of the Primary Health Care Network (PHCN) resource limits is ineligible if he/she disposes of, or deprives himself/herself of, resources by transfer or sale of the resources for less than fair market value. The worker shall investigate any resource the applicant/recipient may have owned but has disposed of before or following application for benefits. The worker shall verify the fair market value of the resource at the time it was disposed of and determine the equity value of the resource. To determine the countable value disposed of, the worker shall:

- a) Subtract the compensation, if any, the client received from the equity value. The result is the countable value (i.e., equity value \$3,000.00 - amount received at transfer \$1,000.00 = \$2,000.00).
- b) Divide the countable value by the Federal Income Poverty Guidelines (monthly figure) for the household size to determine the number of months that the applicant/recipient is ineligible.

Income Criteria

3:301 **Financial Eligibility/Federal Income Poverty Guidelines:**

- a) The guidelines in effect at the time of application shall govern initial eligibility determinations. Retroactive eligibility determinations will utilize the Federal Income Poverty Guidelines in effect on the date of hospital admission.
- b) If the applicant's/recipient's gross income for a six (6) month period exceeds the current annual Federal Income Poverty Guidelines for household size, the applicant shall be ineligible for medical assistance benefits.
- c) Federal Income Poverty Guidelines, as issued yearly by the Office of Management and Budget, shall become effective on the first day of the month following the month of publication in the Federal Register.

- c) Stipends and Pell Grant balances as outlined in Chapter 2, Section 2:110, herein.
- d) Fifty (50) percent of a newly employed recipient's gross earned income may be disregarded for a period not to exceed three (3) consecutive months of full pay, provided that the

recipient has been employed less than fulltime and has received shelter or medical assistance during any of the three (3) most recent months.

- e) Payroll deductions for, or payments made on behalf of the applicant/recipient to purchase private health insurance.

3:305 Projecting Income: In order to determine eligibility, the caseworker shall consider the former and potential earning capacity of the client and/or spouse. For purposes of projecting income, the caseworker shall, unless specific reasons are provided which would justify use of a different method:

- a) When there has been no significant change in income during the three (3) months immediately preceding the application or hospitalization, whichever occurs first, determine the average monthly gross income based upon the three (3) months immediately preceding the month of application or hospitalization, whichever occurs first. The monthly average is then multiplied accordingly to determine initial eligibility.
- b) When the client and/or spouse declares seasonal or self-employment, the worker shall consider the most recent income history of the applicant/recipient together with the adjusted gross income as reported on IRS Form 1040, together with any unemployment benefits received in the year prior to application or hospitalization to determine average monthly income.
- c) When there has been a significant change in income in the month of application or during the three (3) months preceding the month of application or hospitalization, whichever occurs first, use the period beginning with the month the change occurred to determine the average monthly income. Such changes may include recent employment, termination, promotion, job change, reduced hours, change in amount of unearned income, etc.
- d) Use the monthly gross income received immediately prior to the month of significant change as calculated in paragraph (a) above, if the applicant has suffered a loss or reduction of income prior to the request for assistance and such loss or reduction was a result of the voluntary actions or inactions of the client and/or spouse. Such actions or inactions include but are not limited to:
 - 1. Failure to cooperate with any state, federal, municipal, or county agency, or private entity providing benefits to the applicant and which non-cooperation results in the loss or reduction of benefits.
 - 2. Failure to work when employment is or was available within ninety (90) calendar days prior to the request for assistance, or has been offered to the

applicant, and it is or was within the applicant's physical and mental ability to perform the type of work involved.

3. The applicant/recipient has been denied or suffered a reduction of benefits due to fraud or misrepresentation in applying for or receiving benefits from a federal, state, local agency or private entity.

3:402 **Action on Client Applications:** All applications for Primary Health Care Network shall be acted upon within thirty (30) days from the date the application is completed as defined in Chapter 1, Section 1:008, herein, unless circumstances beyond the control of the client and/or County necessitate a delay. In all such cases, the reason for the delay shall be documented in the case file.

3:403 **Presumptive Eligibility:** If an application for Primary Health Care Network benefits has been signed but cannot be acted upon because all verification and documentation have not been obtained, and in the opinion of a PHCN medical provider, the applicant is in immediate need of a medical service, prescription drugs or durable medical supplies, the caseworker shall presume that the applicant's declarations of income and resources are true and accurate and shall:

- a) determine eligibility based on the client's declarations; and

- b) if the applicant is eligible based upon such declarations, notify the appropriate medical provider that the required services, as described above, can be authorized and issued; and
- c) inform the applicant that he/she will become financially responsible for the cost of such health care if it is subsequently determined that he/she does not qualify for Primary Health Care Network coverage. The authorization to receive health care based upon presumptive eligibility shall not exceed a period of thirty (30) calendar days. However, an individual shall not be granted presumptive eligibility for purposes of this section if:
 - d) his/her previous application for benefits was rejected or his/her benefits were terminated, for failure to submit requested documentation and/or information, and such rejection/termination occurred within six months prior to the month of the current application; or,

- c) The provider complied with program requirements in the delivery of care.
- d) The client met all other eligibility requirements for the retroactive period under consideration.

3:405 Notice of Finding: After an application for Primary Health Care Network benefits has been completed and eligibility has been determined, a Notice of Finding will be sent to the applicant/authorized representative within thirty (30) days from the date the application is completed, as defined in Chapter 1, Section 1:008, herein, unless circumstances beyond the control of the client and/or County necessitate a delay. In all such cases, the delay shall be documented in the case file. The Notice of Finding will indicate one of the following findings:

- a) Approval.
- b) Payment(s) denied or other third party determination pending.
- c) Denial.

The Department shall provide a monthly list to the County Board of Commissioners of those applications pending sixty (60) days or longer by date of application.

The written request for reconsideration must be received by PHCN within ninety (90) days of the date that written notice of ineligibility for the other medical assistance program(s)/benefits(s) was/were received. A copy of any pertinent denials must accompany the written request. If it is determined that PHCN is the payer of last resort for the retroactive period for which the Notice of Finding denying payment was issued, and all other financial eligibility requirements remain met for this same period, payment will be issued in accordance with the provisions of Chapter 5, herein. However, under no circumstances will a Notice of Finding be rescinded (withdrawn) and payment issued if the applicant/recipient or authorized agent failed to make a good faith effort to fully pursue any benefit or claim or failed to cooperate with the application or appeal requirements of any program/benefit to which he/she may be entitled. A final Notice of Finding will be issued upon completion of the review of the request for a reconsideration of eligibility.

Disqualification from Program Participation

3:600 Ineligible Applicants: An applicant who meets the financial eligibility criteria may still be denied Primary Health Care Network benefits if he/she:

 - 2) The provisions of 3:600(e) (1) shall not apply if the client is enrolled as a full-time student as part of a County approved job training program as specified in Chapter 4, herein, or the individual is nineteen (19) years of age or younger and is attending high school.
- f) The applicant has obtained/attempted to obtain General Assistance (including Primary Health Care Network) benefits to which he/she was not entitled through fraud or misrepresentation and/or has not fully made restitution to the County.

Any Primary Health Care Network patient who suspects that he/she is having a life threatening/life trauma medical emergency, as defined in Chapters 1 and 5, herein, must call 911 or go to the closest hospital emergency room. If the emergency is during regular Primary Health Care Network Clinic hours a patient may contact the Clinic first if uncertain as to how to proceed. If the emergency is after regular clinic hours the patient must either call 911 or go to the closest

emergency room. A contracting hospital may receive payment for emergency services as specified in Chapter 5, herein.

 - 2) the admitting physician has initiated action to obtain a Board of Mental Health commitment; and,

If the benefit amount that was fraudulently obtained exceeds \$1,500.00 and full restitution has not been made within thirty (30) calendar days of the notification, the Director will refer the matter to the Douglas County Sheriff's Office for investigation and subsequent prosecution. If the amount owed is less than \$1500.00, the Director will determine whether to refer the matter to the Sheriff's Office or arrange a suitable payment plan with the individual.

3:703 Right to Appeal: An individual who has suffered a loss or reduction of benefits based upon the provisions of this chapter shall have the right to appeal such adverse action as provided for in Section 1:300 through 1:303 of these regulations.

CHAPTER 4

JOB TRAINING AND COMMUNITY SERVICE PROGRAM

Notwithstanding the provisions of any other chapter of these regulations, a General Assistance or Primary Health Care Network applicant/recipient who is unemployed or employed less than twenty-five (25) hours per week, or is employed a minimum of twenty-five (25) hours per week but is not receiving wages, tips and other compensation equal to the applicable federal minimum wage and who does not have a verified physical and/or mental disability which precludes the individual from participating in a job training, vocational rehabilitation or community service program shall be subject to the requirements of this chapter. For purposes of this chapter, the following definitions shall apply:

- 4:100 Approved Job Training Program:** Shall mean vocational training in technical job skills and equivalent knowledge, which program has been approved by the county or its designee as meeting the requirements specified herein.
- 4:102 Community Service:** Shall mean work performed for a governmental agency, non-profit corporation or health care corporation, provided such entity is approved by the County or its designee to participate in the Community Service Program.
- 4:103 Employable Recipient:** An individual who has been approved for General Assistance and/or Primary Health Care Network benefits who is not rendered unable to work, by illness or significant and substantial mental or physical incapacitation, to the degree and of the duration that the illness or incapacitation prevents the person from performing designated vocational, rehabilitation, job training or community service activities.
- 4:201 Job Training Participation:** An employable recipient of General Assistance and/or Primary Health Care Network benefits who is unemployed, employed less than twenty-five (25) hours per week, or is employed twenty-five (25) hours per week or more but is not receiving wages, tips, and other compensation which meet the applicable federal minimum wage requirements and who has not completed an approved job training program within two years prior to the date of application may be required to participate in an approved job training program.
- 4:202 Community Service Participation:** An employable recipient who has completed an approved job training program or for whom an appropriate job training placement is not available, as deemed by a County representative, and continues to be unemployed,

employed less than twenty-five (25) hours per week, or is employed twenty-five (25) hours per week or more but is not receiving wages, tips and other compensation which meet the applicable federal minimum wage requirements, shall be required to participate in the Community Service Program. Provided further, that any employable recipient who has completed an approved job training program within two (2) years prior to the date of application, shall also be required to participate in the Community Service Program.

4:203 Failure to Participate in Job Training: Any applicant or recipient who is required to participate in a job training program and who fails or refuses to attend orientation or any other required meeting or who fails or refuses to fully participate and show good-faith three (3) calendar months and Primary Health Care Network benefits for one (1) calendar month. If an employable applicant/recipient reapplies following the period of disqualification, participation in the Community Service program may be required.

4:204 Failure to Participate in Community Service Program: Any applicant/recipient who is required to participate in the Community Service Program and who fails or refuses to attend an orientation meeting or any other required meeting or who fails or refuses to complete the specified hours of community service or refuses to cooperate with directions given or complete duties assigned by the Community Service placement site shall be ineligible for General Assistance for a period of three (3) calendar months and Primary Health Care benefits for one (1) calendar month.

4:205 Exemption from Community Service Program:

An employable applicant/recipient shall not be required to participate in a Community Service program if:

- a) he/she is a single parent and has legal and actual custody of a child under six (6) years of age;
- b) he/she has not completed an approved job training program within two (2) years prior to the date of application and has not been given the opportunity to participate in an approved job training program; or,
- c) his/her presence in the home as a fulltime caregiver has been verified by a physician to be essential for the health and safety of a person rendered disabled by a verifiable medical or mental health condition.

4:206 Community Service Hours Required: The required hours of community service shall be determined by dividing the individual's General Assistance received in the prior

calendar month by the federal minimum hourly wage, provided that no individual shall be required to perform community service for more than eight (8) hours in any one day or more than sixteen (16) hours in one week. An individual receiving Primary Health Care Network benefits only shall be required to perform forty (40) community service hours per calendar month.

4:207 Unavailability of Job Training/Community Service Program: An applicant/recipient subject to the provisions of this chapter may not be denied General Assistance and/or Primary Health Care Network benefits because an approved job training program or an appropriate community service placement is not available at the time assistance is approved.

4:300 Transitions to Work: The Transitions phase of the Job Training/Community Service Program allows participants to further utilize the skills obtained through successful completion of a job training program or community service participation to obtain and retain employment. Through the Transitions experience, guidance is provided on what realistic work options may be available for persons entering or re-entering the job market with little or no recent employment history, and/or with multiple barriers to employment. Motivational and educational workshops, individual instruction, and guided job search activities are made available to assist employable recipients in securing employment and developing habits and attitudes that aid in job search, job retention and job progression skills.

4:301 Transitions to Work (Transitions) Selection Criteria: Individuals may be designated for mandatory participation in Transitions based on the minimum criteria that a recipient has demonstrated consistent satisfactory participation in community service for at least six (6) months, has been enrolled in the GED program at least one (1) year, has recently left the labor force, or has other similar qualifications. An approved recipient of General Assistance programs may request to enroll in Transitions to increase his/her employability. The decision to enroll a recipient in Transitions will be made by the Department Director or designee. General Assistance recipients required to participate will be contacted to schedule an individual assessment appointment with a Community Service staff member. This appointment is to explain that the Transitions requirement is mandatory and may be in addition to any other scheduled Community Service hours or requirements. Each participant deemed ready for Transitions will meet with County

staff to design an individual plan for analyzing and removing some employment barriers.

4:302 Failure to Participate in Transitions to Work(Transitions):

Any recipient who has been assigned to participate in Transitions but fails to participate in activities as required may be ineligible for General Assistance for a period of three (3) calendar months and Primary Health Care Network benefits for one (1) calendar month, regardless of whether any other Community Service/Job Training requirements have been met.

4:400 Right to Appeal: An individual who has suffered a loss or reduction of benefits based upon the provisions of this chapter shall have the right to appeal such adverse action as provided for in sections 1:300 through 1:303 herein.

CHAPTER 5
ADMINISTRATIVE POLICIES AND PROCEDURES

The following regulations will control the financial obligation of Douglas County Nebraska to expend funds on behalf of any individual eligible to receive General Assistance, Primary Health Care Network benefits and/or Cremation Assistance.

General Provisions

5:100 Completed Application: Douglas County will assume no liability to provide program benefits to any individual who fails to complete a written application within the time specified by a program's requirements. A written request for assistance will not act as a substitute for such written application.

5:101 Notice of Finding: After an application for Primary Health Care Network benefits has been completed and eligibility has been determined, a Notice of Finding will be sent to the applicant/authorized representative within thirty (30) days from the date the application is completed, as defined in Chapter 1, Section 1:008, herein, unless circumstances beyond control of the client and/or County necessitate a delay. In all such cases, the delay shall be documented in the case file. The Notice of Finding will indicate one of the following findings:

- a) Approval
- b) Payment(s) denied or other party determination pending
- c) Denial

In the case of a hospitalization, a copy of the Notice of finding will be provided to the referring hospital. The Department shall provide a monthly list to the County Board of Commissioners of those applications pending sixty (60) days or longer by date of application.

5:102 Availability of Funds: The obligation of Douglas County to provide assistance under any program shall be subject to the availability of funds in the fiscal year.

5:103 Approved Vendors: Even though an individual is qualified to receive program benefits, Douglas County shall not make payment for any service unless:

- a) The provider of those services is an approved vendor and complies with the appropriate program regulations.
- b) The vendor agrees to reimburse Douglas County in the event payment is made for

goods or services which are subsequently not provided. Such reimbursement shall be in whole or in part based upon actual goods or services provided.

- c) The dwelling/place of residence is not a drug or alcohol treatment or supportive living facility that mandates behavioral restrictions as a condition of occupancy.

General Assistance Payments

5:200 Housing Payments: In all cases, the place of residence must be located within the geographic boundaries of Douglas County. Under no circumstances are security deposits or application fees paid. In order to receive payments, the vendor receiving payments must either be:

- a) the title holder of record of the real estate where the applicant/recipient resides; or,
- b) the designated agent of the title holder of record of the real estate where the applicant/recipient resides; or,
- c) the mortgage holder of record to the real estate where the applicant/recipient resides; or,
- d) the buyer of real estate on Land Contract or by order of the court. If the title of record is still in the name of the seller or a trustee, a copy of the contract must be provided to the Department of General Assistance.

All property owners receiving payments must complete the Department's vendor certification process to describe the type of dwelling unit and, if needed, designate a payee. Vendors must also agree to notify the Department of General Assistance of any change in the client's address and/or living arrangements, including persons moving into and out of the dwelling unit, or if the client vacates the property. Douglas County may seek reimbursement for any rent payments made based on false information provided by the vendor. Since the Department of General Assistance does not pay utility deposits, clients are encouraged to locate housing with utilities included in the rent payment.

5:201 Assisted Living: In order to be an approved vendor eligible to receive payment, the facility must be properly licensed as such by the State of Nebraska. Payment will be made at the State rate, determined by the type of facility. Such payment will only be made if there is a documented medical need.

5:202 Other Types of Assistance: Payment for other General Assistance approved items, such as transportation, food, clothing and non-food payments shall be made only to

vendors who comply with the County's policies and requirements. Cremation Assistance shall be issued according to Chapter 6 provisions herein.

Primary Health Care Network Approved Vendors

5:300 Hospitals: In order to be an approved vendor and eligible to receive payments for medical care provided to a qualified Primary Health Care Network recipient, the hospital must have a signed agreement with Douglas County to participate in the Primary Health Care Network, which agreement was in effect at the time medical care was provided. Reimbursement for authorized services will be made at the established Primary Health Care Network rate in effect at the time services are provided.

5:301 Medical Providers: In order to be an approved vendor and eligible to receive payments for medical goods or services provided to a qualified Primary Health Care Network client, the medical provider must have a signed agreement with Douglas County in effect at the time that medical goods or services were provided unless the conditions outlined in 5:404 herein are met.

Authorized Medical Services

5:400 Prior Authorization: All specialized medical care must be prior authorized by the Primary Health Care Network Medical Consultant or designee unless otherwise provided for herein. Prior authorization shall consist of a written referral from the Primary Health Care Network (PHCN) designating the hospital and/or medical provider authorized to provide care, specifying the nature of the medical service being authorized and that the medical care is to be provided within a specified period of time. Verbal authorization may initially be given by the PHCN, to be followed by a written referral.

5:401 Patient Rotation: Clients requiring specialty services and/or hospitalization shall be assigned to a participating medical provider and/or hospital by the Clinic practitioner and/or Medical Consultant. Every effort will be made to assure that referrals are determined on an equitable basis taking into consideration:

- a) The availability of services and space at contracting hospitals;
- b) the ability of the specialty physician accepting the referral to admit patients to a contracting hospital, and

c) the importance of continuity of treatment in selecting a physician and/or hospital.

5:402 Prescription Drugs: All drugs and durable medical equipment prescribed through the Primary Health Care Network will be dispensed in accordance with the approved Primary Health Care Network Formulary. It is the policy of Douglas County Primary Health Care Network to only prescribe narcotics for the management of pain associated with immediate post-surgical discomfort, trauma, and/or terminal illness. The Formulary contains other non-narcotic analgesics which are dispensed for all other situations requiring pharmaceutical pain management. A maximum of five (5) days worth of prescription drugs and/or durable medical equipment may be issued by the hospital pharmacy to a qualified Primary Health Care Network patient if dismissal from the hospital occurs when the Primary Health Care Network Clinic is closed.

5:403 Hospital Discharge Protocol: If follow-up treatment, medications, and/or durable medical equipment are required post hospitalization, the Primary Health Care Network Clinic must be contacted (402-444-7540), prior to discharge. An appointment must be scheduled and appropriate arrangements made to insure continuity of care upon discharge. If the patient is not currently receiving assistance through the Department of General Assistance Primary Health Care Network he/she must first schedule with Intake and Referral by calling (402)444-6215. Hospital discharges will be seen within 1-2 working days whenever possible. Medications and/or durable medical equipment shall be provided by the discharging hospital until the patient is seen in the Primary Health Care Network Clinic, or for a maximum of five (5) days.

5:404 Emergency Medical Care: Approved vendors may be eligible to receive payments for emergency medical care and/or subsequent inpatient hospitalization provided:

- a) Medically necessary emergency care was provided because of a life threatening/life trauma condition; as defined in Chapter 1, herein.
- b) The medical provider must notify the Primary Health Care Network within twenty four (24) hours or the first working day following a weekend/holiday if medical services, as described in (a), were provided to a Primary Health Care Network patient who was discharged from the emergency room.
- c) The medical provider notifies the Primary Health Care Network within twenty-four (24) hours of admission or the first working day following a weekend/holiday admission during established office hours, that they are

providing medical care to a patient actively enrolled or potentially eligible for Primary Health Care Network coverage and give the following information:

- 1) Patient identification.
 - 2) Medical diagnosis.
 - 3) Patient's physician.
- d) The Medical Consultant, or designee, upon completion of a review of pertinent medical records, certifies that the medical treatment was for a life threatening/life trauma condition and only medically necessary care was provided, as defined in Chapter 1, herein.

5:405 Continued Hospitalization/Inpatient Review: The Medical Consultant or designee may at any time assign a County practitioner to evaluate the patient and treatment plan and determine whether:

- a) continued care should be authorized; or,
- b) the patient could be transferred to a step-down care facility; or,
- c) treatment could be provided on an outpatient basis. Any determination so made shall be noted on the patient's medical records. In the event continued care is not authorized, Douglas County shall not assume liability for payment of medical expenses incurred from and after the date such determination is made.

5:406 Dental Care: Medically necessary emergency dental care may be provided. All dental care must be prior authorized as specified in section 5:400, herein. Dental care outside the scope of this section may be provided if in the opinion of the Medical Consultant, or designee, and in consultation with the County appointed dentist, the same is necessary for the health of the patient. In all such cases, the decision of the Medical Consultant or designee is final. In no case will care be authorized for procedures which are wholly or mainly cosmetic.

5:407 Visual Care Services: All Primary Health Care Network patients will have the initial visual acuity exam completed by the Primary Health Care Network Clinic medical personnel. Reading glasses will be provided through a nonfood certificate for over the counter purchase. Routine visual care services will be referred to any available community resources. Services provided by Primary Health Care Network Clinic referral to an outside provider may include:

Eye examinations, office visits, and other ophthalmological/optometric procedures when prior authorized and medically necessary and appropriate to treat or diagnose a specific illness, symptom, complaint, or injury. All vision care must be prior authorized as specified in Section 5:400, herein. Vision care outside the scope of this section may be provided if in the opinion of the Medical consultant, or designee, the same is necessary of the health of the patient.

Payment for visual services is based on “actual cost” of material(s) as shown on the laboratory invoice plus the allowable/appropriate dispensing fee(s). Payment cannot exceed the allowable dollar amount listed in the Medicaid Practitioner Fee Schedule.

Non-Reimbursable Services

Medically necessary services will be provided through the Primary Health Care Network and are therefore non-reimbursable expenses when delivered by an otherwise approved vendor, unless specifically authorized by the Medical Consultant or designee.

5:500 Clinic Services: The Douglas County Department of General Assistance operates the Primary Health Care Network Clinic for approved/eligible Douglas County residents. All qualified clients shall access medical care through the Clinic. Clinic hours will be from 8:00 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays observed by Douglas County. The Clinic is staffed by licensed clinical practitioners under the medical supervision of the Medical Consultant or designee.

5:501 Douglas County Support Services: Douglas County provides other supportive medical services deemed to be medically necessary, in addition to those provided through the Primary Health Care Network Clinic. In all cases, these resources will be utilized unless a specific exception is authorized by the Medical Consultant or designee. Support services that may be provided by Douglas County include:

- a) limited x-ray services,
- b) limited laboratory services,
- c) pharmacy services and central supply services,
- d) outpatient physical therapy, respiratory therapy, occupational therapy, speech therapy, dietary services
- e) outpatient mental health treatment, and
- f) emergency dental

5:502 Follow-Up Care: All qualified Primary Health Care Network clients shall receive follow-up care directed through the Primary Health Care Network Clinic upon discharge from any hospital. The hospital discharge coordinator must contact the Primary Health Care Network Clinic to arrange all follow up medical care.

Payment Procedures for Medical Care

5:600 Submitting Charges: All medical vendors seeking reimbursement from the Primary Health Care Network (PHCN) must include the appropriate PHCN referral number(s) and procedure code designations for the services provided in order for the bill to be processed for payment. Any bills received that do not include this information shall not be processed. All bills must be received and/or resubmitted within ninety (90) days of the date of the last services provided or payment will be denied.

5:601 Payment of Charges: All bills submitted in compliance with Section 5:600 herein, shall be paid within a reasonable time, not to exceed forty five (45) days, unless an application for Primary Health Care Network coverage is pending, or the client has been denied coverage and is in the process of appealing the County's decision. If the County's fiscal year-end policies limit access to Department funds, a delay in payment may occur.

5:602 Notice of Non-Coverage: If all or any portion of the medical expenses billed (other than adjustments to reflect the established Primary Health Care Network rate in effect at the time services were provided) are denied because such expenses were for non-covered services, a Notice of Finding shall be issued to the client indicating that coverage has been denied and the reason for the denial. The medical vendor(s) shall also receive written notice of the denial.

5:603 Notice of Finding: Request for Reconsideration: If a Notice of Finding has been issued following a request for retroactive PHCN payment, as specified in Section 3:410, herein, a written request for reconsideration of payment will be considered, provided that a written request is submitted by the applicant/recipient or authorized representative within ninety (90) days of the date that the application(s) for other medical benefits was/were denied and any appeals/reconsideration process has/have been exhausted and the other provisions of Chapter 5, herein, have been met. However, under no circumstances will a Notice of Finding be rescinded (withdrawn) and payment issued if the recipient or authorized agent failed to make good faith effort to fully pursue any

benefit or claim or failed to cooperate with any program/benefit to which he/she may be entitled. A final Notice of Finding will be issued upon completion of the review of the request for reconsideration.

5:604 Right to Appeal: An individual who has suffered a loss or reduction of benefits based upon the provisions of this chapter shall have the right to appeal such adverse action as provided for in Section 1:300 through 1:303 herein.

6:111 Fee Adjustments:

a) The Fee Schedule set forth in this Chapter is effective October 1, 2015, and will continue through September 30, 2017. The fee schedule will be adjusted effective with all County cremation and burial assistance approved on or after October 1, 2015.

The adjustment for each fee will be calculated using a two-step formula. All dollar amounts will be rounded to the closest dollar. The percent change in the CPI-U calculated using the Bureau of Labor Statistics escalation formula, from the first half of 2012 to the first half of 2013, is multiplied by the current fee and that sum is added or subtracted to the current fee amount to arrive at subtotal A. The percent change to the CPI-U from first half 2014 to first half 2015 is multiplied by the subtotal A amount and that sum is added or subtracted to the subtotal A amount. This sum is the new adjusted fee for the following two-year period.

Example: MAXIMUM CREMATION PAYMENT

STEP 1: $\$965 \times .028 = \$27.02 + \$913 = \992.02

STEP 2:

$\$992.02 \times .013 = \$12.90 + \$992.02 = \$1,004.92$

NEW MAXIMUM PAYMENT = \$ 1,005.00

c) The fee schedules set forth in this Chapter will be reviewed and adjusted effective with all assistance approved on or after October 1, 2015 and every two years thereafter, adhering to the formula set forth in this section, provided that the appropriate adjustments are made to the years of the CPI-U reports that are used in the formula.
